

March 26, 2020

To Whom It May Concern,

The Hawthorn Suites by Wyndham Livermore is a centrally located Livermore hotel, with a long history of community engagement and support. During this current Covid-19 crisis, we are eager to provide lodging services to those medical support teams, government support agencies, and community members that may need it due to self-isolation or work from home requirements.

The Hawthorn Suites by Wyndham has limited some of our services to eliminate the spread of the virus, but we continue to offer:

- Clean, spacious rooms including large work desks
- High speed internet, both DSL and WiFi
- Disinfectant cleaning of each room between guests
- Prepackaged breakfast bags each morning
- On site coin operated laundry facilities
- Special day rates / packages for those working from home that may need a separate work space due to crowded homes during the Shelter in Place orders.

We are offering extremely low nightly rates during this crisis. Please contact our front desk at:

(925) 606-6060

Our community is strong, and we know that by working together and supporting each other, we will get through this trying time. Please count on the Hawthorn Suites by Wyndham to continually provide a safe and clean hotel experience.

Sincerely,

Catherine Cheda
General Manager
